

HBC Bible Studies

Sunday Morning Adult Sunday School

Time: 9:30-10:15 am

Topic: Tracing Themes through Scripture

In this course, we will look at how to trace themes, images, motifs, and scenes through Scripture. In doing so, we will be looking at God's progressive self-revelation in Scripture, and what God wants us to know about himself, as well as what he wants us to know about ourselves, and how we are to conduct our lives before him.
